

# SAINT JOHN, THANK YOU!

...and **YES, we ARE** still on strike!

In fact, as of today, The Saint John 7 have been on strike against K-100, 98.9 Big John FM and 93 CFBC – all owned by MBS Radio – for one year. The overwhelming support we have received from all sectors of our community has sustained us in this fight for a fair deal.

**We continue to strike for:**

- A living wage
- Respect in our workplace
- Quality local radio that you deserve on our publicly owned airwaves

So, to the hundreds who have joined us on the picket line, the thousands that have driven by and honked, and those in the business and labour community and our listeners who have supported us both morally and financially, we thank you... and we make this promise... we will continue this fight!

**Join us for the 1-year anniversary today, June 25:**

- 11:30 a.m. Rally in front of MBS Radio (201 Union St.)
- 12 noon BBQ at King's Square\*
