

ANNUAL SALARY GRID

As per the Memorandum of Agreement between CBC and CMG signed February 15, 2019, the parties have agreed to reopen negotiations on wages only in years subsequent to 2020.

Please see below the CMG salary scales effective April 1, 2019.

Note: This grid is for informational purposes only and represents rounded figures. Actual calculations for salary and overtime purposes are based on the hourly rates.

Although there are no set hours for self-assigned employees, they will be paid an annual salary based on the normal hours of work for their classification listed below.

Annual Salary = Hourly Rate x Hours Per Week x 52.2 Weeks
